

# Philosophy of Science Survey

Week 1

PHIL 2160. Ohio University. Spring 2021.

# Lectures on Microsoft Teams

- Review features
- Use Teams calendar to join class meetings and see recordings
- Helpful etiquette
  - Turn on the video when you can to help create better online learning experience
  - Mute if you are in a noisy place

# Course Website

- Syllabus, lecture notes, etc: <https://yoichiishida.com/philosophy-of-science-survey/>
- Readings: <https://app.perusall.com/>
- Gradebook: Annotation grades on Perusall; others on Blackboard.

# Course Topics

- What is history and philosophy of science (HPS)?
- What does HPS study?
- List of topics (see the schedule)

# Assignments

- See the table in the syllabus
- Attendance and quizzes will use Top Hat
- Exams will be on Blackboard
- Study Guide on the course website
- See next slide for annotations

# Annotations

- Familiarize yourself with Perusall (you are given an overview when you first use it).
- Reading assignments are described within Perusall and on weekly pages of the course website.
